

Grupp X

Supervision Meeting 30/09

30 SEPTEMBER 2021 / 13:15 PM / ROOM ED-3705

ATTENDEES

Pegah Amanzadeh, Simon Holst, Kevin Pham, Carl-Magnus Wall, Leo (supervisor)

AGENDA

Reports

1. The group has combined the view and controller as per Pelle's suggestion during the meeting yesterday. The software is runnable, and we can swap between certain pages.

Objectives

- Discuss our meeting with Pelle, and what he suggested we should do.

NOTES

- Like what was said yesterday, if the new approach makes life easier, we should just roll with it.
- It's more important that we keep the model separate, and we should focus on getting the global navigation working.
- Continue working on Scenebuilder/FXML elements together.
- Start thinking about testing, especially when we have some model logic to test.

ACTION ITEMS

1. Fix global navigation together.
2. Assign tasks pertaining to the model once the navigation works.

NEXT WEEK'S AGENDA

Next meeting will be held on 4/10 at 08:00
