Grupp X

Group Meeting 06/09

ATTENDEES

Pegah Amanzadeh, Simon Holst, Kevin Pham, Carl-Magnus Wall

AGENDA

Reports

1. Since the last meeting there is nothing new to report.

Objectives

- Discuss how we should proceed with UML structure and GUI design.
- Discuss meeting structure.
- Assign tasks to each member.

NOTES

- UML design is going well.
- Designing with Figma is bringing out many ideas. We will bring these ideas to the supervision meetings to discuss further.
- To-Dos are already in place for the week, no more will be added for now.

ACTION ITEMS

1. We have to finish up the first draft of the UML diagram by Friday the 10th. This will be carried out as a joint effort on campus/online throughout the week.
2. Work on the GUI will continue as planned. Figma will be used almost exclusively.
3. We are planning to use Android studio to develop certain aspects of the application. We will investigate this together on Campus, as well as individually.

END OF MEETING

Next supervision meeting will be held on 09/9 at 15:15

Next group meeting will be held on 10/9 at 08:15.
